

Fun in the Sun

Swimming Lessons for Beginners from Community Education

Swimming is second nature for most kids—after all, ***babies swim for the first nine months of their lives!*** Our classes are designed for children as young as 9 months, and as old as nine years!

Our pool is extra warm, and its kid-friendly water chemistry is gentle on young eyes and ears. Water Safety Instructor Steve Barber specializes in coaching, calming, and encouraging little ones.

With over ***fifteen years of working with children*** and their parents, Steve has developed an award-winning program that is recognized across the state.

Class sizes are limited so sign up early! Parents are required to be in the pool at each session.

9–12 mos. 16 sessions \$54

Tuesdays 8:30–9:15 a.m.

Wednesdays 9:30–10:15 a.m.

Thursdays 8:30–9:15 a.m.
